109004, Moscow, Bolshoy Fakelnyi lane, 3, of. 145 INN 770504007 OGRN 1027700302310 The main registration number of the record (ORNZ) in the state register of auditors and auditing organizations is 12006017820.

The General Director is Aleksandr Sergeevich Mironov, Auditor Qualification Certificate No.01-000578, issued on March 19, 2012 for an unlimited time. ORNZ – 21706017287 in SRO AAS.

## Translation of Audit report

Audit Uralskiy Soyuz JSC on the consolidated financial statements of

# Joint Stock Company "United Grain Company" and its subsidiaries for the period from 01.01.2023 to 31.12.2023

№ 141 dated March 29, 2024

Moscow

#### INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Joint Stock Company "United Grain Company"

#### **Opinion**

We have audited the consolidated financial statements of Joint Stock Company "United Grain Company" and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position as at 31 December 2023, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for 2023, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2023 and its consolidated financial performance and its consolidated cash flows for 2023 in accordance with International Financial Reporting Standards (IFRSs).

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the consolidated financial statements" section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' (IESBA) International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Russian Federation, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key audit matters

Key audit matters are those matters that, in our professional judgment, were of the most significance in our audit of the consolidated financial statements for the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the "Auditor's responsibilities for the audit of the consolidated financial statements" section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

#### Recognition of revenue

Given the volume of the Group's operations and different types of its activities, revenue recognition is a complicated process. It was a key audit matter because revenue recognition requires management to make judgments on the basis of interpreting contractual terms, market conditions of goods delivery and nature of services.

The amount of accrued revenue is disclosed in Note 22 to the consolidated financial statements.

We examined the internal control over the recognition of revenue under contracts with customers, examined the terms of concluded contracts for the sale of grain, transshipment services and other activities of the Group. We also examined the assumptions applied by management to make conclusions in respect of determining performance obligations under contracts with customers, timing of the satisfaction of performance obligations, approaches to accounting for and recognition of revenue and expenses in the statement of profit or loss and other comprehensive income.

In the course of our audit procedures, we, among

In the course of our audit procedures, we, among other things, analyzed fluctuations in selling and purchase prices on a monthly basis and as compared to official statistical data. We examined the results of reconciliations with significant customers, selectively compared revenue recognized under contracts with customers with primary documents' data, used special analyzing tools to review revenue allocation by month, compared it with similar data for the previous year and assessed the effect of three-way correlation among revenue, accounts receivable and cash turnover.

We analyzed the revenue recognition disclosures in the consolidated financial statements.

#### Grain availability at elevators

The Group has significant closing inventory balances. In accordance with the requirements of the Russian legislation the Group must perform annual stock-taking to confirm that assets recorded in the balance sheet actually exist.

As the inventories are significant and it is necessary to verify that assets recorded in the Group's balance sheet actually exist, this was one of the key audit matters.

The inventory balances are disclosed in Note 12 to the financial statements.

We examined the internal control over stock-taking procedures for actual existence of grain kept both at the Group's elevators and in safe custody of third parties. We observed the Group's stock-taking of grain kept at its own elevators and in safe custody of third parties.

We examined the documentation prepared as a result of the Group's stock-taking, conditions of inventory storage, observed the inventory counting and counted a sample of stock items. We compared the results of stock-taking recorded in the respective documents with the accounting records.

#### Responsibilities of management and persons responsible for the corporate governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Persons responsible for the corporate governance are responsible for overseeing the Group's financial reporting process.

#### Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management and related disclosures;
- conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the Group. We remain solely responsible for our audit opinion.

We communicate with the persons responsible for the corporate governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

From the matters communicated with the persons responsible for the corporate governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing would reasonably be expected to outweigh the public interest benefits of such communication.
